**Thurs, Jan. 26-Feb. 16, 6-8 PM Sarah**

Learn the basics of knitting: knit and purl stitches, decreases, increases, cast-on, bind-off, gauging, pattern reading, stitch holding, and picking up stitches. We will also cover yarn selection and future projects. You will begin with a practice swatch and finish this four-week class with a fabulous felted oven mitt! Materials included. Level 1.

#### Crochet Basics **\$30**

**Mon, Jan. 30, 6-8 PM Janie**

Learn crochet basics or review them if it has been awhile. This class will cover how to properly hold the crochet hook, tensioning techniques, hook insertion, chains, slips, turns, single, double, and maybe treble crochet stitches. Gauging, counting, rows, and rounds. Whew! Materials included. Level 1.

#### Kirby's Crochet Scrap Hat **\$20**

**Tues, Jan. 31, 6-8 PM Janie**

The original was made for Exum guide Mike Kirby who just lost all the toes off his right foot, but still wanted a happy hat for Christmas! Review your crochet basics with this amazing free-form scrap beanie! You should be familiar with single-crochet, double-crochet, and slip stitches (OK. OK. We'll review them). The class will cover: starting into a loop; color changes; increases; short rows; hiding the yarn ends; and you'll get a great "recipe" for a worsted-weight hat. Bring even your smallest scrap pieces - we'll trade around!

#### Sweaters 101 **\$80**

**Mon, Jan. 16-23, Feb. 6 & 20**

**6-8 PM Janie**

An easy first garment 'cause we all get soooooo sick of scarves! Simple pullover sweater - your choice of yarn and needle size. Easy k2p2 rib, seamless stockinette, basic T-shape crew, roll-neck or turtle-neck. Bottom-up, no arm or sleeve-cap shaping, pick-up tapered sleeves to knit top-down. Expect to almost finish the garment in class. Level 2.

*Skills you will acquire:* measuring and gauging; counting stitches and rows; blocking; ribbing; knitting in the round on a circular needle; knitting in the round on double-points; changing needle sizes; using stitch markers; directional decreases; placing stitches onto a holder (and getting them off again); picking-up stitches; joining new yarn; 3-needle bind-off; weaving in ends; and writing your own pattern!

#### Fair-Isle Hat **\$40**

**Wed, Jan. 18 & 20, 6-8 PM Stephanie**

Learn this classic colorwork technique and make a patterned hat. This pattern is great for your first Fair Isle project as it is simple to learn but looks complicated when finished - like magic! Price includes pattern. Level 2.

#### Baby Roo Sweater **\$60**

**Wed, Feb. 1, 8, & 15 6-8 PM Carolyn**

This small sweater teaches big knitting skills! Learn about intarsia or "picture knitting," as well as basic sweater construction and seaming. Choose from several irresistible patterns and let's get knitting! Level 2.

Teen knitting knight! Learn to knit with your friends and make a beanie. This class is for young knitters 12 and up, for the very beginner or those with a little experience. Students can choose a fitted beanie or a slouch hat with a pom pom. In the first class they will learn to knit in the round, and in the second class they will learn how to use double pointed needles and make a pom pom. There will be homework!

#### Cabled Headband **\$20**

#### Push, Pull, or Drag it in! **\$20**

**Sat, Mar. 3, 4-6 PM Carolyn**

Languishing knitters, we're talking to you! Drag that project and pattern out from under your bed, dust it off and let's get going again! Whether it's been two months, two years or two decades, we'll help you figure out where you are, fix what went wrong, and get you going again! (Yes, you may bring more than one!)

#### Finishing Clinic **\$20**

**Sun, Mar. 4, 4-6 PM Carolyn**

A great finishing job will make your knitting sing. A sloppy finishing job... well, we've all seen those. Learn basic finishing techniques you will use again and again, as well as how to make important finishing decisions about every project before you knit your first stitch.

#### Start a Shawl **\$20**

**Mon, Mar. 5, 6-8 PM Janie**
